ANTISEMITISM INSIDE PALESTINE LIVE (a Facebook Group)

IMPORTANT NOTICE

PLEASE BE AWARE. THIS REPORT CONTAINS MANY REFERENCES LINKING TO WEBSITES THAT SHOULD BE CONSIDERED NOT SAFE FOR WORK (NSFW). DO NOT CLICK ON HYPERLINKS UNLESS YOU ARE IN AN ENVIRONMENT THAT ALLOWS YOU UNRESTRICTED ACCESS TO THE INTERNET.

TRIGGER WARNING:

THIS REPORT CONTAINS EXTREMELY SENSISITVE AND DISTURBING CONTENT RELATED TO ANTISEMITISM AND THE HOLOCAUST.

A NEED TO CREDIT ANONYMOUS SOURCES:

A

TWO JEWISH ANTI-ZIONISTS, ONE IN THE UK, ONE IN THE USA, WHO HAVE BEEN IN CONTACT WITH ME (ONE FOR MORE THAN A YEAR) OVER A GROWING DISCOMFORT AT THE LEVELS OF ANTISEMITISM THEY HAVE BEEN WITNESSING. I CANNOT SAY MORE WITHOUT PLACING THEIR IDENTITIES AT RISK. MY DEEP GRATITUDE IS GIVEN, ALONG WITH THE HOPE THAT WITH EYES NOW OPEN, THEY WILL REASSESS SOME OF THE DEEP POLITICAL DIVISIONS THAT STILL SEPARATE US.

B

A LABOUR ACTIVIST WHO HAS WORKED TIRELESSLY FOR SEVERAL YEARS, COMBATTING THE ANTISEMITISM THAT HAS INFESTED THE UK LABOUR PARTY. THEIR HELP IN IDENTIFYING SOME OF THE POLITICAL ACTIVISTS WITHIN THE GROUP WAS PRICELESS.

WITHOUT THE HELP OF THESE BRAVE INDIVIDUALS (WHO HAVE UNDERSTANDABLY ASKED ME TO PROTECT THEIR IDENTITY) – THIS RESEARCH WOULD PROBABLY NOT HAVE BEEN POSSIBLE - AND CERTAINLY NOT AS COMPREHENSIVE.

Support This Research:

This research is fully independent. I am not affiliated with any political group or community organisation. I believe this independence is important and adds to the integrity of the work.

Since 1990, I have been researching the conflicts involving Israel and fighting the delegitimisation campaign since 2000. For several years I have also been combatting rising antisemitism both on the far-right and far-left.

The work can and does make a difference. I was recently named by the Algemeiner as one of their 'J100', a list of the top 100 Jews worldwide, 'positively influencing Jewish life'.¹

The findings of my research have been covered in media across the globe.

The support I receive from those who understand the importance of the work, makes much of what I do possible. I simply could not do it without their kind and generous assistance.

The delegitimisation campaign against Israel and the rise of antisemitism are linked. I firmly believe we must expose it and face it down. We *HAVE TO* be there to witness, report, expose and fight it.

If you can, please consider donating towards the ongoing research. Either a single amount or, if you can, a monthly contribution. Every amount is greatly appreciated. Research such as this is intensive, and at times expensive. We must shine a light into the shadows.

EXECUTIVE SUMMARY

This report represents part of an intensive effort to investigate antisemitism within anti-Israel activism. Arguments over a suspected rise in antisemitism are being publicly played out in media and political circles. Like my previous research into the Palestine Solidarity Campaign, this work sets the bar for antisemitism very high by completely discounting Israel-based antisemitism. If discourse over the Israeli / Arab conflict is removed from the equation, is antisemitism still present? If so, is it possible to quantify? Previous research of this type found a clear correlation between levels of anti-Israel activity and levels of antisemitism within a group. A Facebook Group containing many high-profile activists provided a test-tube environment with which to test this correlation further.

The research draws several important conclusions:

- Antisemitism is a key motivating factor in anti-Zionist activity and it spreads like a virus within it.
- The concentration levels of anti-Zionists who share hard-core antisemitic ideologies registered at 64%. With Jewish activists excluded the figure was even higher at 73%.
- Behind the closed doors of a hidden Facebook Group, major political figures such as Jeremy Corbyn, Jenny Tonge and David Ward engage with hard-core antisemites, even while in public making emphatic denunciations of this racism.
- The network is large and effective.
- A small, but highly vocal group of Jewish anti-Zionist activists is engaged in using Jewish identity as 'a weapon' to deflect accusations of antisemitism.
- These Jewish anti-Zionists in turn teach their compatriots to insulate themselves from the charge of antisemitism by substituting the word 'Zionist' for 'Jew'. They rarely (if ever) address the antisemitism itself.
- A key anti-Israel figure involved in the Mavi Marmara incident privately supports the Israeli version of events, stating that the Israeli soldiers were attacked before any of them discharged a weapon.
- Key peace activists place ideology above horrific antisemitism. There is little or no reaction to other activists sharing Holocaust Denial. If there is a reaction, it is to say, 'do that specific activity elsewhere', rather than 'get out of this group'.
- Anti-Zionists view Zionists as 'global manipulators', 'thieves', 'bloodsuckers' and 'intent on destroying the world to fulfil their own evil agenda'. It is a precise copy of antisemitism.
- In anti-Zionism, far-right and far-left are interchangeable.

Although the report discounts Israel-based antisemitism, it establishes beyond doubt the indivisibility of anti-Zionism and antisemitism. Antisemitism in all its guises must be called out. It has no place in public discourse

A DEFINITION OF ANTISEMITISM

This research sets the bar for antisemitism unnaturally high. Tolerance levels were raised to avoid deflective arguments over 'criticism of Israel'. This approach is identical to the position taken in similar research into the English PSC and Scottish PSC in 2017².

Had the definition included calling Israel a 'Nazi' state, almost every member of the group would fail. In more direct language, according to the recently adopted UK Government definition of antisemitism (the IHRA definition), the overwhelming majority of group members identified display blatantly antisemitic views³.

This research is therefore disassociated from the Israeli-Palestinian conflict. Therefore, almost any reference to Israel's treatment of the Palestinians, however antisemitic, is ignored. The research ignored talk of Israel committing genocide, of being as bad or worse than the Nazis and all manner of other distortions.

Another visible element that was not used was the application of individual acts to label the actions of the state. So rather than the state being the vehicle through which people are, for better or worse, enabled through their freedom, the state of Israel becomes shackled and vilified through the actions of its most extreme citizens, the implication being that something is 'genetically' wrong with the state. England, placed into a similar test tube, would become a nation that rapes and kills women because of Peter Sutcliffe.

What has been highlighted in this research consists of three central elements:

- Holocaust denial/revisionism
- The mutation of Israel into a controlling global Jew (conspiracy theory)
- Fixation on Jews, classic antisemitic tropes

I seek to show that hard-core antisemitism is rampant in anti-Zionist activity. As the Scottish Sunday Times pointed out following the release of my report into the SPSC in July 2017, 'you would need to work hard at it' to be included in the research⁴.

PALESTINE LIVE

Palestine Live is a Facebook group with (as at 20/2/2018) 3279 members:

Anti-Israel activist Elleanne Green created the group on 2 August 2013:

The group is listed as 'secret'. This means you cannot find it by using the Facebook search function and need to be invited or added by someone inside the group who has permissions to add new members:

It changed from 'Closed' to 'Secret' in early November 2014:

Elleanne Green is an admin of the group, and the most prolific contributor. She is well-linked with other activists across the globe. Possessing an impressive networking skillset, Elleanne Green turned Palestine Live into one of the largest, and well-connected of the anti-Israel groups. Palestine Live contains high-placed representatives, from almost every anti-Israel activist organisation.

There are two other admins to the group. Tony Gratrex (added by Elleanne Green on 15 November 2013) and Carol Foster (added by Elleanne Green on 10 August 2015). Gratrex was at one time, an organiser of the Reading Branch of the Palestine Solidarity Campaign⁵. Foster was co-chair of the Greater London Branch of the 'Labour Representation Committee' and was at the PSC 2016 AGM selling pamphlets such as 'In defence of Trotskyism' for 'Socialist Fight'⁶.

The aim of the group:

'Created not so much for long and detailed discussion of words used and semantics but to gather together a group of good friends all of whom wholeheartedly support the people of Palestine in their struggle'⁷

The description also contains the usual comments about not being 'anti-Jewish' but being against 'racism and intolerance'.

Within days of the group's creation, there were dozens of members, most of whom were carefully hand-picked by Elleanne Green. Secrecy and privacy were central elements of the group. Note Jacqueline Walker's comment and Elleanne Green's response:

The screenshot shows a Facebook post by Jacqueline Walker on 29 September 2016 asking "how safe is this group?". Below the post, it shows that Elleanne Green, Kajsa Anckarström and 49 others liked it, and there were 111 comments. A comment by Elleanne Green is highlighted, stating: "Very ... no one allowed in who is not trusted ... I am very very careful ... and it is a Secret Group ... so it really is as safe as you will be able to find anywhere ... anyone in here will be your friend and admirer ... (true, no?)". The comment has 56 likes and is from 1 year ago.

⁷ Facebook Group 'Palestine Live' (group number 578281488880847) description. Accessed 10/2/2018

One of the first members was Pam Arnold (Pam Hardyment). These are two images from Arnold’s Facebook timeline (not the group). There are dozens, if not hundreds of such posts⁸:

Seymour Alexander was added on the first day⁹:

So was Alison Weir¹⁰

⁸ The article on the left links to the website of Nahida Izzat. See <https://nahidaexiledpalestinian.wordpress.com/articles/> Nahida was rejected by the local Palestine groups in Liverpool over antisemitism. See support from Gilad Atzmon <http://www.gilad.co.uk/writings/nahida-izzat-did-the-age-of-enlightenment-never-occur.html> The article on the right is a Gilad Atzmon article, but the introductory words are from Pam see <http://www.gilad.co.uk/writings/2016/12/7/stop-everything-you-do-and-listen-to-this-rabbi>

⁹ Seymour Alexander has long been connected to Kingston and Richmond PSC. See page 31 of the February 2017 PSC report, for examples of problematic posts http://david-collier.com/wp-content/uploads/2017/02/170222_palestine_solidarity_campaign_report.pdf

¹⁰ Alison runs the website 'If Americans Knew' see <http://ifamericaknew.org/> it has a distinct 'support Israel at America’s peril' attitude. 2013 Anti-Defamation League report here <https://www.adl.org/education/resources/profiles/alison-weir>

Within days, there were shares with links to antisemitic sites such as Rense.com. Within five days, someone had uploaded a copy of the notorious antisemitic forgery, Protocols of the Elders of Zion.

Many of the initial members were problematic. The issue seems to have been that the central figure of the group, Elleanne Green, is not best placed to decide what or who is antisemitic. These are her comments on Gilad Atzmon:

Note from the response in the first image, that Gilad Atzmon was a member of the group¹¹.

The early days defined the future of the group. There was an exchange between Gilad Atzmon, and Mick Napier, based on an Atzmon article posted on 16th October 2013 that centred on antisemitism. Napier is Secretary of the Scottish Palestine Solidarity Campaign¹². Napier was almost evicted from the group at the time. The group sided with Atzmon. From this moment, it was clear that rabid conspiratorial white supremacist websites were welcome, and their supporters were underpinning the group.

¹¹ Atzmon was born in Israel, lives in the UK, and has a long history of antagonising the Jewish community. See https://en.wikipedia.org/wiki/Gilad_Atzmon#Reception for accusations of antisemitism. He has been rejected by almost all anti-Israel activist groups as an antisemite.

¹² The SPSC (see my report), is itself embroiled in difficulty with antisemitism. See also <http://www.telegraph.co.uk/news/2017/09/30/jeremy-corbys-backed-groups-activists-hounded-jewish-business/>

The whole linguistic problem of when to use Judaism/Zionism/Jewishness as the right words in an analysis are grasped very firmly here by Gilad Atzmon [former Israeli Jewish citizen] in a way I found interesting and thought provoking - without getting angry and nasty in any way, does anyone else have any ideas on this ... ?

There are scores of posts of Elleanne either sharing Gilad’s work, or complimenting him.

The intent of this part of the research is not to identify people, but to highlight that the Palestine Live group was toxic from the beginning. Examples therefore become necessary. Another early member was Andy Hopkins:

Perhaps if one asked some very basic questions, they might learn the truth about the HOLOCAUST. Most people have accepted the story given out by a group of people who have in reality EVERYTHING TO HIDE. They were talking about 6,000,000 (6 million) dead for at least 50yrs before Hitler came to power in 1933.

Here is a video about one persons awakening to the truth. He started out like everyone else by accepting the popular narrative then he asked the basic questions and came up with THE REAL TRUTH. 😊

When on the 14 August 2013, Khaleel Mohammed, professor of Religion at San Diego State University shared views in a post that were contrary to 'Greater Palestine', Elleanne Green became immediately offensive, calling him an "Agent Provocateur". When Pam Arnold attacked the professor and then threatened to leave the group, this is how Elleanne responded¹⁵:

 **Elleanne Green** 🇺🇸 It makes me rather sad that someone I don't know has driven away someone I have known quite a while and value - and to be honest I have much sympathy with the way she has reacted ...

This sense of seeing value within the views of those like Gilad Atzmon or Pam Arnold over diverse or moderate voices, shaped the group. The Palestine Live group did not become corrupted through an increase of size, or over time. It was corrupted from the very beginning by the blind-to-anti-Jewish-racism attitude of its founder.

THE THREE ADMINS OF PALESTINE LIVE – PART ONE

1. Founder, Elleanne Green.

Elleanne is the person who added most of the racists to the group. Two examples:

Paul Eisen

Added by Elleanne Green on 21 May 2014
London, United Kingdom

Anton Lloyd-Wallis

Added by Elleanne Green on 28 June 2014
Durham University

Both are still members of the group. Paul Eisen is a known Holocaust Denier¹⁶. Anton Lloyd Wallis is part of the Alison Chabloz 'fan club'¹⁷. He shares posts from sites like the Daily Stormer¹⁸. He also managed a Facebook Group called '*ich bin sylvia stolz*' (I'm proud of Sylvia Stolz)¹⁹. Stolz is a convicted Holocaust denier²⁰.

There is no need to go through the content of every post, but Israel is linked here to 9/11 and the terror attacks in Paris. Of note is the image on the top left, from 'Rehmat.com'. Rehmat is a blatantly antisemitic site and this post is clearly directed towards Jews and not Israel or Zionists. The article contains a video by 'Brother Nathanael' titled 'Satan at the Wailing Wall'.²¹

²¹ Brother Nathanael is a well-known antisemite, who is dealt with suspicion by white supremacists only because he is a 'biological Jew'. See https://rationalwiki.org/wiki/Nathanael_Kapner. The video discusses modern Judaism as a satanic ritual. It should be seen by any of those that suggest this is anti-Zionism and not antisemitism. <https://www.youtube.com/watch?v=94rcOVJBMYYQ>

Elleanne often shares stories from sites that are outlets for Holocaust Denial

Veterans Today, was often shared on Palestine Live. The founder editor is James Fetzer 'an all-round conspiracy theorist' who promotes Holocaust Denial²². The site often treats the Holocaust as a complete hoax²³.

'The Ugly Truth' is a WordPress site that uses the tag-line 'intelligent antisemitism for thinking gentiles'. It places the word 'antisemitism' in single quotes²⁴. It is overlaid with antisemitic images, Holocaust Denial and 'Jews as the problem' articles²⁵.

Globalresearch.ca is a geopolitical conspiracist website²⁶. If something goes wrong, then the ‘Jews’ did it²⁷. It is the type of site groups like ‘Palestine Live’ adore, because it wraps up antisemitism inside genuine humanitarian issues. The website 'politicalvelcraft', is described by Rational Wiki as 'ragingly racist and promotes bigotry of all kinds, including homophobia, Islamophobia and anti-Semitism'³¹.

The article is a historical retelling of the Rothschild Conspiracy, in which to create the 'New World Order', Rothschild becomes the evil villain behind every major conflict of the last 150 years³². Here is an example quote from the article:

'1913 – SOCIAL DICTUM – Jacob Schiff sets up Rothschild's Anti-Defamation League (ADL) [Anti-Semitism] in the United States to Hide Behind: This was way before Hitler Was Killing Catholics & Jews In The Ovens Of Rothschild's Second Attempt At NWO Called WWII.

This organization is formed to slander anyone who questions or challenges the Rothschild global conspiracy as, "antisemitic." Rothschild is not a practicing Jew by Judaism or By Blood Line. He is a common Khazarian thug, but he likes to hide behind the word Jew as the coward he is when absconding people's wealth.'

He was an active organiser of the Reading Branch of the Palestine Solidarity Campaign:

His profile picture has for years identified him as a '9/11 truther', and most of his social media friends would be aware of this.

Tony has been mentioned frequently by those dealing with antisemitism in anti-Israel activism. Harry's Place published a piece covering some of his activity in 2011³⁵. The most notable piece from that blog, was this image of a comment by Tony:

I admire the work you do and am in agreement with virtually everything you say except for your attitude regarding the media.

You state that the jews do not control the media but that it is under self censorship.

This is patently wrong and only a cursory glance using the internet will show that a majority of the media is jewish owned or controlled.

During the interview you use the expression "who pays the piper calls the tune" and that is precisely the problem when one considers who controls the international banking system.

Whilst conducting my own research, I met Tony and have spoken to him more than once (at the time he was unaware of who I was). Gratrex is a hard-core conspiracy theorist, who spent some time working in Israel (I believe under contract for Israeli Aerospace Industries). The '*power of Jewish money*' was a central theme of our discussions.

He was present when Gerald Kaufman spoke of 'Jewish money' at a meeting at the House of Commons³⁶. At the event, Tony tabled a question, all about Jewish money, and the conspiracy behind the Federal Reserve³⁷. This is what he said:

'...which is I think one of the most important questions that you can ask, and that is, how does Israel get away with it? And this is a really important question, and I have never really heard an adequate answer to that. Because it seems to me that the answer is always the elephant in the room..... It (Israel) has flouted 65+ resolutions and nothing has ever been done about it and I come back to the question, and I have never heard an honest answer about it. The most honest answer I have heard so far was when Gerald himself broached on was 'Jewish Money'. Now it is not just a question of who gives the most donations, what I suggest is people here do serious research and find out how for instance the Federal Reserve in America came into existence. It came into existence in February 1913 and there was a secret meeting that took place by two (ten?) bankers a couple of years before that and if was sneaked through, so when we talk about money it is important we know who controls the money. That's where the money is important.'

The Daphne Anson blog highlighted further problems with Tony's posts in a 2014 article³⁸. I covered him in my own PSC research in 2017³⁹. The Daily Mail mentioned Tony's conspiracy theories in an article about Corbyn in 2017⁴⁰.

The first great stone has hit the ramparts of Zion. The elders within the walls, down in the bowels of the fortress, have sat bolt upright, as they have felt the unmistakable rumbling vibration. Their eyes, which are usually narrow with the self-regard of the power of their own devious cunning, have suddenly gone wide with fear, as instantly they know that the inevitable has arrived upon them.

One of the problems encountered in the type of research is the ‘dead link’ issue. The more absurdly sickening the post, the more likely it is that the website is no longer operating, or the article is no longer available. Some of the most extreme racist fake news sites do not last forever. This problem is most visible in environments where some moderation is applied – such as YouTube. Mycatbirdseat.com no longer exists. This specific article is available through an internet archive⁴¹. This article discusses how people are beginning to understand the power the ‘Elders of Zion’ have over the US. This is a quote:

‘The elders of Zion know in their blackest hearts that The End is now inevitable. But they cannot speak this. They cannot at ALL costs admit it, even to themselves. For now, they remain desperate in their ever more ridiculous folly, as they try with all their might, employing every stratagem learned over their centuries of guile, to force this imposing Genie, bearing the awful Truth itself, back into his lamp. To what lengths will their desperation drive them? They look upon the fire of hell they have stored nearby. The most evil of all thoughts run actively through their minds.

Aye...Panic is afoot in Zion....Another great stone can be felt as its impact vibrates on every side. See them scurry... See eyes once narrow in self-regard now grow wide with the fear of realization.

They watch as the stupid Goyim awaken. Their worst fears are upon them.’

The Daily Telegraph and other press outlets list the sex abuse allegations against Lord Janner, a 27 year Labour MP. But there is one thing The Telegraph and other British press outlets fail to mention. They omit the fact that at the time Lord Janner was allegedly sexually abusing young British orphans, sometimes, actually in his marital bed, he was the head of the British Jewish community.

JFK was the last American President who wasn't chosen by the Cabal. Like Trump, he also had his own (daddy's) money to get elected. Once in, he failed to follow the Cabal's script and tried to end the Federal Reserve and register lobbyists as foreign agents, and it cost him his life. There are more stories coming out even now about his assassination being a Mafia or CIA job when it was really a Cabal job. All American elections have been arranged by the Cabal ever since, based on the 2 principles of Cabal politics...bribery and blackmail. Trump won because he wouldn't succumb to either. It's a sad state of affairs when bribery and blackmail determine the leadership of the most powerful nation in the world. I doubt the Cabal will let him serve a full term....unless he gets in line with them.

These principles are used in the UK as well. We've seen how Jeremy Corbyn has been treated by the Cabal. Until the people speak up in the UK as the Americans have against the Cabal, it will continue its reign of political terror through murderous foreign policies, unconscionable domestic economic policies, and the political methodology of bribery and blackmail.

In the image above Gratrex links to another of the favourite sites for antisemitic conspiracy theorists. Veteranstoday.com is *'a news and opinion website that generally promotes conspiracies related to the military and Israel'*⁴². The editor is James Fetzer, an *'all-around conspiracy theorist'*⁴³. The website also pushes Holocaust Denial⁴⁴.

Tony is clearly big on 9/11 truth. Here is Elleanne pushing another of Brother Nathanael's videos, with Tony, liking and responding⁴⁵.

From the video:

⁴⁶ The Anti-Defamation League (ADL) describe Alan Sobrosky as a key figure in anti-Semitic 9/11 conspiracy theories. See <https://www.adl.org/sites/default/files/documents/assets/pdf/anti-semitism/united-states/911-conspiracy-theories-2011-8-30.pdf>

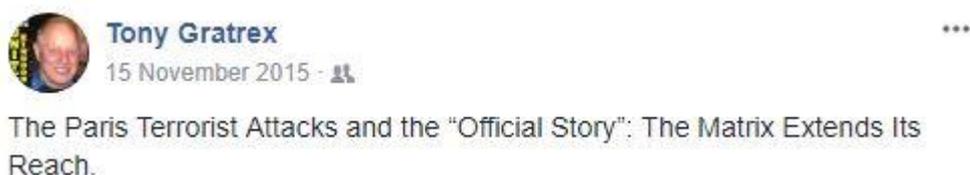

From the link:

That's what 9/11 was all about in the US, 7/7 in UK, the 3/11 train attack in Spain, the Hebdo Paris attack last January, and now this latest Paris encore re-enactment part two.

In any unsolved crime the first question asked is who benefits by motive with an actual means to execute the crime?

In all of these tragic false flag events the global elite benefits in multiple ways. And it most definitely has the means by issuing marching orders to its owned and operated national governments, its favourite being the militaristic, brutal American Empire.

The central issue is not Tony's apparent fixation with conspiracy, but his publicly stated belief that Jewish money is behind the 'global elite'. It is a combination of the two positions that turns 'conspiracy fruitcakes' into sinister carriers of the antisemitic disease.

The piece above turns Zionism, and the Jews, into the central cause of 100 years of global conflict⁴⁷.

It is worth taking the journey via some selected quotes to understand how the conspiracy is pieced together:

'The engine driving the Zionist-led neoconservative war machine is "holocaust" mythology.'

'Elite Jews played an important role in bringing about the Second World War as the final phase of their plan to establish the state of Israel.'

'In 1903 an early Zionist leader named Max Nordau conspicuously predicted the outbreak of the First World War, which lends credence to the suggestion that a hidden force of Jewish Zionists, Freemasons and bankers are responsible for instigating the conflict for their own purposes.'

'The League (of Nations) essentially functioned as a tool of the financial elite and served the geopolitical aspirations of the Zionists.'

⁴⁷ Internet Archive snapshot May 2014

<https://web.archive.org/web/20170228064122/http://mycatbirdseat.com:80/2014/04/a-century-of-deceit-iraq-the-world-wars-holocaust-and-zionist-militarism/>

More on following page:

'Even with Palestine now in the palm of their hands, the Zionists still had a problem: convincing Europe's Jews to leave their lives of luxury and embrace Palestine as their new home. Such a task proved difficult, with only a minority of European Jews strongly identifying with Zionism at this time. This reality sheds a different light on the rise of Adolf Hitler and National Socialism in Germany, which proved very convenient from the Zionists' perspective.'

'Still, the Transfer Agreement alone did not produce the amount of Jewish emigration necessary to form an exclusivist Jewish ethno-state in Palestine, as the Zionists intended all along.'

'Did Hitler not carry out Herzl's exact mandate?'

'Jewish leaders made numerous public pronouncements designed to provoke Hitler, hoping he would unleash his fury upon Europe's Jews, and with the help of Organized Zionism spur them to make their way to Palestine.'

'As the war drew near, Chaim Weizmann did everything in his power to invite definite reprisals against Jews from Hitler's regime.'

'In 1941, an American Jew named Theodore Kaufman made an even more brazen effort to deliberately provoke hostility towards Jews.'

'Some Jewish casualties in a devastating war that took tens of millions of lives was inevitable and very much desired by the Zionist leaders seeking a pretext to invade and conquer Palestine for Jewish colonization.'

'Revisionist scholarship has determined that somewhere between 100-150 thousand people perished in Auschwitz mainly as a result of disease and starvation, which was not a deliberate act on the part of the Germans but rather the outcome of Allied carpet-bombing of Germany's infrastructure.'

In an effort to whitewash their own egregious war crimes, the Allied Powers went along with the Zionists' pre-meditated fictional account of six million dead Jews.

This is Holocaust Denial at its darkest. The Jews start World War One to gain control of Palestine and the international political arena. Then, to promote Zionism they create World War Two. This gives them room to create the 'Holocaust myth', that in turn provides them with the sympathetic cover to conduct numerous Zionist wars to further their territorial and political ambitions. Thus, we see false flag attacks like 9/11 and Charlie Hebdo. Within this paradigm, the fight against antisemitism becomes part of the Zionist ambition to stifle dissent. **All this from a group that constitutes less than 0.02% of the world's population and over a piece of land the size of Wales⁴⁸.**

THE THREE ADMINS OF PALESTINE LIVE – PART THREE

3. Carol Foster

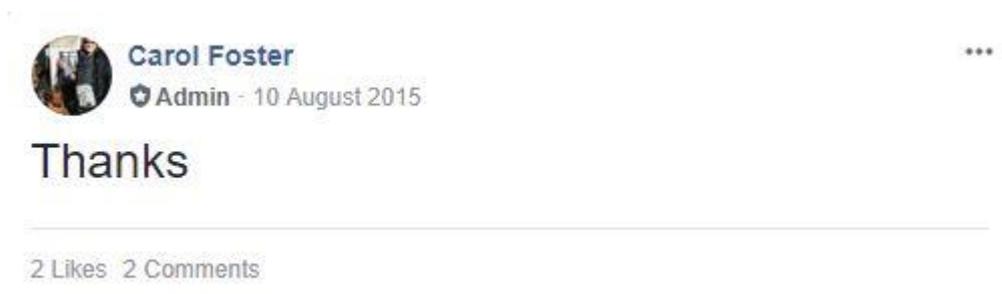

Carol was added to the group by Elleanne Green on 10 August 2015

They seemed to have met each other for the first time on Sunday 9th August 2015:

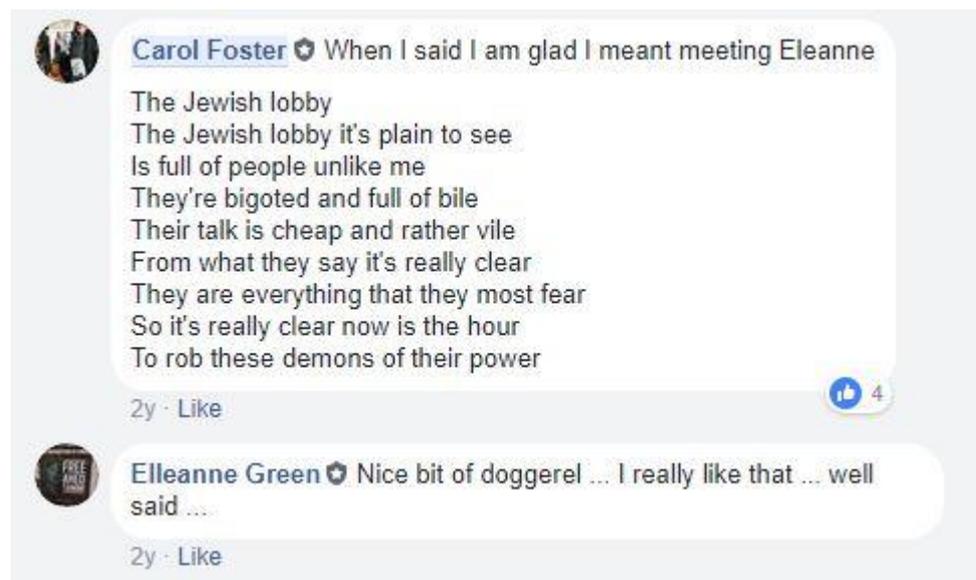

Carol does not seem to have either posted or commented on the site in over two years. In fact, her contribution was always minimal, making a few comments on posts between August and December 2015. Only two or three of these comments are of more than one sentence. She only opened a thread once, to thank Elleanne for inviting her to the group:

Carol is of 'Jewish heritage':

And yet she posts this:

'Jewish lobby', 'demons'. Like other Jews on the hard-left Carol doesn't really seem to identify as Jewish, except to provide cover for antisemites to attack Jews. Her own views are clearly problematic.

This is Elleanne Green, once again, sharing material from websites that contain every antisemitic conspiracy imaginable. Media check rates the site as the most extreme sort, using labels such as 'Tin Foil Hat' and 'Quackery'⁵³. That includes Holocaust Denial⁵⁴. The site suggests the notorious forgery 'The Elders of Zion', 'has to be true as it has all come to pass'⁵⁵.

⁵³ <https://mediabiasfactcheck.com/whale-to/>

⁵⁴ See a page titled 'The Gas Chambers Hoax' for what seems to be the landing page on the site for Holocaust Denial http://www.whale.to/b/holocaust_revisionism.html

⁵⁵ http://www.whale.to/a/protocols_h.html

The article itself, that Elleanne shared and Carol Foster suggested was 'spot on', deals with Jewish control of the USA⁵⁶.

The page talks of Jewish control, mixing and matching 'Jewish', 'Zionist' and 'Israeli' at will. It is difficult to see how anyone could enter the site and not understand it was antisemitic.

This is one of the quotes on the page:

The Jew's domination in the state seems so assured that now not only can he call himself a Jew again, but he ruthlessly admits his ultimate national and political designs. A section of his race openly owns itself to be a foreign people, yet even here they lie. For while the Zionists try to make the rest of the world believe that the national consciousness of the Jew finds its satisfaction in the creation of a Palestinian state, the Jews again slyly dupe the dumb Goyim. It doesn't even enter their heads to build up a Jewish state in Palestine for the purpose of living there; all they want is a central organization for their international world swindle, endowed with its own sovereign rights and removed from the intervention of other states: a haven for convicted scoundrels and a university for budding crooks." (A. Hitler, English translation by Ralph Manheim, Mein Kampf, Houghton Mifflin, Boston, New York, (1971), pp. 324-325.)

This is an article shared and liked by two of the admins of the group. They should be proud though, as the page references both Cynthia McKinney and Alison Weir, two members of the Palestine Live group:

It is now time to have a closer look at the membership of the group.

⁵⁶ http://www.whale.to/c/israel_control_usa.html

MEMBERSHIP – QUALIFYING STATEMENT

The purpose of the research is to identify and explore antisemitism, and its concentration levels within anti-Israel activity. It is not an exercise in ‘naming and shaming’. From an academic standpoint, dormant individual membership of this group means nothing. Therefore, although it is possible to publish the full membership list, I have no intention of doing so.

There are several levels to this. A person can be added to a Facebook Group without their approval. People who receive multiple notifications, can exist within a group, without ever visiting it, or understanding its content. Somebody can simply mute a group (stop notifications) and forget they are involved. Just being a member is irrelevant.

It is possible to contribute to a group without accessing it. Someone can publish his own material, to any group he is a member of, from his own Facebook page. An anti-Israel activist therefore can write numerous articles, share them in Palestine Live, and never visit the group.

I have no interest in these people, and to the best of my ability, I believe I have excluded them from the research. If anyone does feel they have been included unfairly, please contact me with details, and where applicable, I will remove them from this report⁵⁷.

Of interest to this research:

The level of the toxic environment seen by high profile activists, politicians, media, who all represent the ‘power-base’ of anti-Zionist activity. Are the people in this racist group, also those publicly denying that antisemitism is a problem?

Quantification. To use a sample of posts, and by looking at the social media activity of the person sharing, rather than the post itself, gain an understanding of the concentration level of members who share antisemitic ideologies.

Wherever possible individuals have not been named, unless they are representing or a leading member of an organisation. When individuals have been highlighted, it is only to provide examples of the concentration levels of those who share antisemitic material that exist within Palestine live.

At least three examples of antisemitic activity must be found for a member to qualify for inclusion in this research, and at least three images will be shown in the report.

Unless the member is a public figure, no attempt has been made to verify the real-life identity of the person. Once it has been established that the Facebook account does not belong to a ‘bot’ or ‘troll’, it was irrelevant to the research whether the member had used a

⁵⁷ Due to the level of abuse I receive, I cannot provide phone or email details openly. Please use the contact form on my website <http://david-collier.com/contact-me/>

variant of his name, or a false name for his account.⁵⁸ Only the virtual environment is being tested and the 'real world' is considered unimportant.

Given the nature of so much of the content of the group, and the activity of all three admins, **there is no reasonable excuse for anyone to be an active member of this highly toxic group, whilst at the same time suggesting antisemitism IS NOT a problem.**

To be an active contributor to this group, one of these descriptions applies:

- You do not understand what antisemitism is
- You never see antisemitism, even when encountering a racist environment
- You place your own political goals above anti-Jewish racism, so you do not look for it, or ignore it /excuse it / belittle it when spotted
- You are an antisemite

⁵⁸ I use simplified definitions that are confined to this research. A bot is an automated account, that simply posts endless propaganda articles. It is more relevant to Twitter than Facebook. A troll is a human being performing the same function. On a troll account, there will be no images of a personal nature, and no posts relating to anything other than subject matter for which the account was set up.

GRETA BERLIN AND THE MAVI MARMARA

The Mavi Marmara was part of the 'Gaza Flotilla', that intended to break the maritime blockade of Gaza in 2010. Israel enforced the blockade and boarded the vessel to take it to an Israeli port. The Israeli soldiers met with resistance. In the struggle to take control of the vessel, nine of the passengers were killed and several soldiers were wounded⁵⁹.

Greta Berlin was co-founder and spokesperson for the 'Free Gaza Movement'⁶⁰. She had been part of the original attempt to break the blockade (see screenshot of comments below). The New York Times had contact with her immediately after the Mavi incident⁶¹:

'The Israeli soldiers dropped onto the deck and "opened fire on sleeping civilians at four in the morning," said Greta Berlin, a leader of the pro-Palestinian Free Gaza Movement, speaking by phone from Cyprus on Monday'.

Media fact checking outlet 'CAMERA', published a breakdown of her evolving story⁶². Not surprisingly, Greta is a member of Palestine Live. In the group, she made additional information available about the incident.

On 14 Nov 2014, someone posted this, a 2010 article about Ken O'Keefe.

 **Elleanne Green** There may well be loads of bad stuff ... I imagine that there is no smoke without fire ... but all I know of him is a few speeches I have heard that I have found clear + powerful + eye opening ... I think it is acceptable for different people to respond in different ways to different aspects of someone ... maybe I wouldn't want him as a friend or family member ... but sometimes I have heard him say things about the world [especially the US] that seem to make some kind of sense ... anyway ... let us not fall out ... we are all on the same side ...

 **Greta Berlin** Until you have worked with him, you have no idea what the man is like. I respect people's right to have an opinion. Lets just say I have a HUGE learned dislike of the man based on personal experience, not listening to him blabber on in a speech.

So you go right ahead and believe what you want. You were not on that first voyage and you were not responsible for reining in a borderline mad man. And my former husband is Palestinian as are my children. That does NOT give me the right to be a bully

Greta is clearly agitated by the support O'Keefe attracts, she has a strong dislike for him and has laid out her case. She is now 'done'.

But it doesn't work, the defence of O'Keefe continues:

Greta then responds:

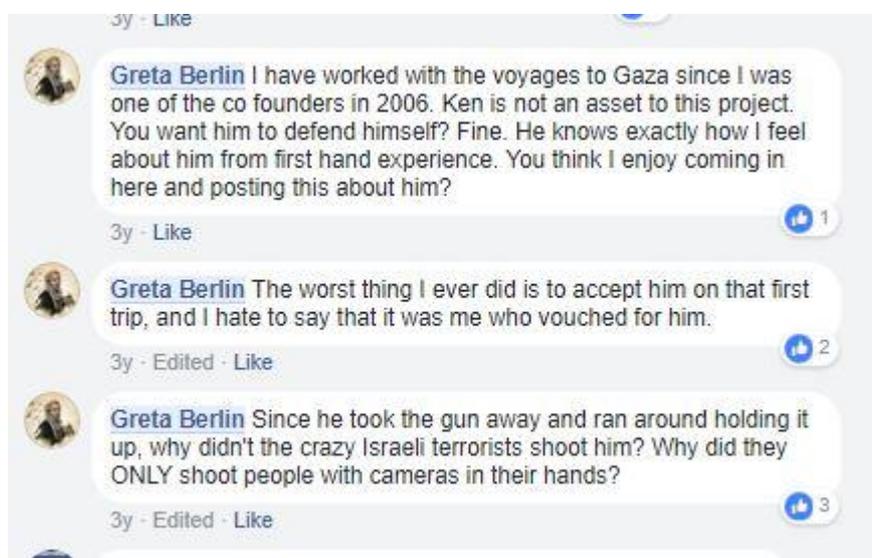

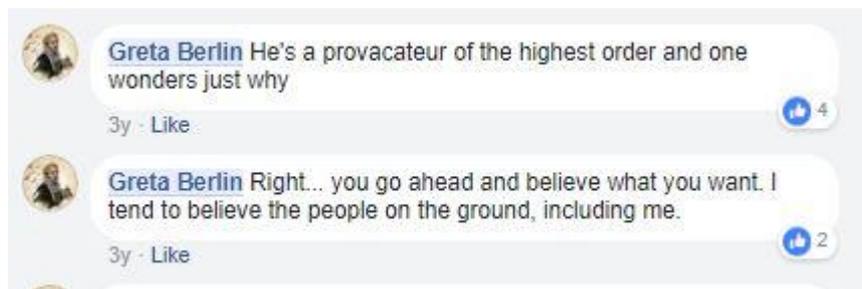

Which suggests there was no Israeli fire while the soldiers were coming down from the helicopters, nor any at all until ***AFTER*** the unexpected level of resistance had been encountered and soldiers had been taken 'prisoner'. This from the UN report⁷⁰:

113. The reports in front of the Panel from both Israel and Turkey are broadly consistent as to the general nature of the boarding operation. Boarding commenced with an attempt to board from speedboats, followed by the fast-roping of armed commandoes from helicopters, use of stun and smoke grenades, paintballs, bean-bag rounds and (in the case of the *Mavi Marmara*) live fire.³⁵⁶ In that sense, the overall nature of the enforcement operation is not in dispute. The key differences between the reports are as to when live fire was first employed and the nature of resistance encountered on the *Mavi Marmara*. We will return to these points later.

⁷⁰ http://www.un.org/News/dh/infocus/middle_east/Gaza_Flotilla_Panel_Report.pdf see p53 article 113. For further discussion of the live-fire see p55 esp. article 120

120. Significant difference lies as to when live fire was first used and why. The Turkish report asserts that live fire was used from both the speedboats and helicopters before any IDF personnel had landed on the vessel, and that this prompted passengers to panic and to defend themselves.³⁷¹ The Israeli report alleges in contrast that the IDF personnel were attacked as they began to land from the first helicopter, and three of the first to land were taken captive, requiring the resort to the use of live fire in self-defence in order to secure the vessel.³⁷²

Which makes the Israeli version accurate. It is difficult to logically read Berlin's comment any other way. She cannot have 'known' anything, unless in her experience, Israelis do not normally fire first and had not until that moment, already fired in that incident. Greta clearly knows that what really happened isn't the way they told it. Greta's comments continue:

 **Greta Berlin** For those of you who are blinded, I feel sorry for you. For those of you who would like to learn something about that harrowing first trip, the book is funny, poignant and uplifting. We decided to keep Ken's 'mutiny' out of the book.

 **Greta Berlin** Thanks Brian for your comments. People seem to forget that Free Gaza sailed successfully into Gaza five times in 2008. The flotilla was put together by Free Gaza, IHH, the European Campaign to End the Siege on Gaza and the Greek/Swedish project. We had all said Ken would not be invited onto this flotilla, but he somehow got on board. For those of you who listen to his speeches, fine... but for those of us who had to work with him... none of us would ever do so again.

 **Greta Berlin** Phil. I am not debating what you wrote above. I don't really care what Ken says in his speeches, because I know what he did to us at a very scary time for everyone. We left out of the book what he did on board the Free Gaza and some of his other shenanigans, because the book was not about Ken and his rather crazy ideas of wanting to have a 'suicide boat.' You're all welcome to him. I never post anything about the man, because I have no respect for him, but Eileanne started something with the post and some of you actually think he is a hero. This means that this (from the report):

129. Some of the witness accounts appended to the Turkish report say that two passengers on board were killed by shots from the first helicopter prior to the actual boarding taking place,⁴³² although by no means all the witnesses say this. On the material before it, the Panel cannot conclude whether the deaths occurred in this way.

Is entirely false. It seems Greta Berlin accepts (in a secret Facebook group) the Israeli position. The Israelis had not expected fierce resistance. They did not expect to open fire. They did not know an ex-US marine, who thinks Zionists control the world, was intent on causing trouble, and had decided to 'attack armed soldiers'. He 'waves a gun around', apparently after the soldiers had been captured. From this point, with the captured soldiers being taken downstairs:

'It is established to the Panel's satisfaction that the three soldiers in question were captured, mistreated and placed at risk during the incident. In the face of such a response, the IDF personnel involved in the operation needed to take action for their own protection and that of the other soldiers'. UN report, article 125,

Greta Berlin has history, having shared 'an antisemitic tweet in 2012'⁷¹. She apologised for it apparently. I do not know why⁷².

The top screenshot is a post from Greta Berlin, dated 17 October 2013, where she shares a link to a transcript titled "Why, When and How Ali Abunimah Asked Me To Lie For The Cause?". The transcript text discusses a conversation with Ali Abunimah in November 2010, where Abunimah suggested that the author's "Jewish" identity might be better described as "Zionist" to find common ground. The author questions why a Palestinian would invest time and energy in protecting the Jewish state from criticism.

The bottom screenshot is a post from Greta Berlin, dated 11 September 2015. BARONESS TONGE

There was no surprise in finding Jenny Tonge in the group. Tonge has been a member for four years. Since her resignation from the Liberal Democrats, in 2016, Tonge has acted as an 'Independent peer at the House of Lords'⁷⁵.

Tonge has been involved in several issues related to accusations of antisemitism⁷⁶. Tonge has a long history of making comments, posting cartoons, hosting events, and drawing comparisons, that appear to cross the line into antisemitic activity⁷⁷. I was present at the meeting in 2016 and wrote the report of the event that would lead to her resignation⁷⁸.

Jenny Tonge frequently posts about the 'McCarthyist' accusations of antisemitism. I counted over a hundred posts and comments in a brief check. Here are just some examples:

For someone so vocal about accusations of antisemitism being merely a political tool to silence legitimate criticism of Israel, it is surprising that Tonge has spent four years in a group where antisemitism is rampant. Is it possible she never encountered it? This her first post inside Palestine Live in early 2014:

Neville Thomas
19 January 2014 · Birmingham

Hundreds of pro-Palestinian activists have demonstrated outside the Israeli embassy in London, condemning Tel Aviv's ongoing blockade and attacks on the Gaza Strip.

According to reports, more than 500 protesters voiced their outrage in the protest, which was called by Palestine Solidarity Campaign on Sunday.

Waving placards and chanting slogans like "Free Free Palestine," "End the siege of Gaza," and "We are all Palestinians," the protesters condemned Israeli war crimes in the territory, including putting children in solitary confinement.

Demonstrators also called on the international community, including the British government, to pressure Israel to lift the siege on Gaza.

The rally was attended by British pro-Palestinian MPs as well as several campaign organizations including, Stop the War Coalition, Jews for Justice for Palestine, Campaign for Nuclear Disarmament, and Palestinian Forum in Britain.

Referring to the terrible suffering that is going on in Gaza, former Liberal Democrat MP Baroness Jenny Tonge said, "The people there are going hungry, being poisoned and deprived of their human rights."

The protest was also organized to mark five years since the end of Israel's bloody assault on Gaza in 2008-2009.

Elleanne is thanked by Jenny Tonge. There is no need to reproduce more of Elleanne's posts to understand some of the unacceptable ideologies she promotes. The post was made by Neville Thomas on 19th January 2014. A few weeks earlier Thomas had posted this⁸⁰:

Thomas only recently left the group. At this point these are the type of posts he was sharing⁸¹:

Tonge, who thinks the current argument about antisemitism inside anti-Zionist activity is a smokescreen, has spent four years in this group with people like this. Commenting on posts these people make **(there is no intention to imply that Tonge EVER commented on a post or a video such as this, only to highlight further that this group was infested with Nazi ideology, many of the members share this type of material, and Tonge seems oblivious to it all).**

⁸⁰ This is a Rense.com video about false 'Jewish victimhood', and about how in reality Jews always 'victimise' the gentiles in every nation, because Jews have declared it is 'acceptable to cheat a gentile'. Video shown is available here: https://www.youtube.com/watch?v=NZ_mikSsrQM Jeff Rense is a well-known antisemite and has been accused of spreading pro-Nazi speech see wiki https://en.wikipedia.org/wiki/Jeff_Rense#Criticism_of_anti-Semitic_content

⁸¹ Posted by Thomas on 13 November 2017. On the link provided, the video is not available on YouTube in this country. It can however be viewed here <https://www.youtube.com/watch?v=xULp4gJWiNU> It is a discussion about a three hour 'documentary' called 'The World Defeated the Wrong Enemy'. The video describes Hitler as a 'new age person in advance'. The right enemy of course, would have been the Jews. It describes how the Jewish 'blood' sacrifice of children 'which still goes on today', is the reason the Jews have been thrown out of 100 countries. Video NOT FOR THE FAINT-HEARTED

This post by Elleanne Green was during the 2014 Gaza conflict. Note David Ward (ex-MP) is tagged. **He was, and still is - a member of the group.**

The post was randomly picked. There are 22 comments from twelve different people. One of them is Tonge. As is the nature of this report, there is no interest in tagging people unless relevant. Elleanne is one of those twelve, that leaves ten. This is Tonge's comment:

The person who commented above Rosie Phillips has high privacy settings, so I cannot access her timeline, and she is therefore irrelevant and not in the image. Anna Ruiz and Rosie Phillips are the two visible accounts above Tonge's comment.

Ruiz is dealt with elsewhere in this report. This is one qualifying example, when she shares the Khazar myth⁸²:

Her timeline is full of comment streams that degenerate into rabid antisemitism. There were only eight comments on this thread, it was about 'Jews as victims'⁸³:

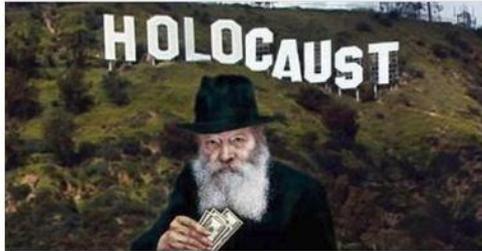

⁸² Dated 1300 years ago, the Khazar myth has nothing to do with Zionism, and everything to do with Judaism. It is the idea that Ashkenazi Jews, in their totality, are all descendants from a mass 8th or 9th century conversion of Turkic nomads. Its deployment is a strategic antisemitic attack, to separate the Jewish Zionists (who they believe are all Ashkenazi and therefore 'Khazars') from any historic connection to the land of Israel.

⁸³ The post was a meme from 1 October 2017, that had this quote 'Tomas Rowan: *The Israeli Occupation may be the only Occupation in history where the Occupiers portray themselves as victims*'

Another person who commented on the thread with Tonge is David Carter. He is still an active member of the Palestine Live group. Examples of his posts are also included elsewhere in this report. Here is one that he shared just a few weeks ago on 29th January 2018⁸⁵. Richard Edmonds, the 'speaker' in the video is a 'neo-Nazi'⁸⁶:

The research involved going through the group's timeline, looking for comments tagging or made by the people of interest - in this case Jenny Tonge. In early 2014, there were not many references to her. There was this one about an event she spoke at:

⁸⁵ The video is on the YouTube channel of 'The London Forum', a group called that has been called 'neo-Nazi', and held an event hosting Holocaust Deniers, such as David Irving last year. See

Elleanne and Tony are both visible in the post as 'likes'. The other name visible is Michael Sumner, who shared the post and spoke with Tonge at the event. The event was held by a group call the 'Northampton Albireh Palestine Friendship Association'⁸⁷.

The more informative one is here⁸⁹.

⁸⁹ QallOut is an online platform for freestyle debate. The challenge in the top video does not seem to have been picked up. Sumner's challenge in the bottom video, was to suggest that the 'revisionists' are serious scholars, Irving has been misrepresented, and no evidence connected Hitler to the Holocaust. What is different about this, is that rather than link to someone else's opinion, Sumner allows us to hear his own - sickening to hear. It is difficult to comprehend why someone would be so eager to publicly engage with denial material, about an incomprehensible genocide, whilst at the same time, being so blindingly clueless. The post was dated 15 April 2015 and refers to the High Court refusal to overturn the University of Southampton's decision to cancel the anti-Israel conference that had been planned by university academic Oren Ben Dor⁹⁰.

Jenny Tonge aside, the only person in the list that returned a relatively clean profile was Hugh Walker. If I could, I would ask him why he associates with such a group, and more importantly, given the hate that clearly exists around him, how can he not understand Zionism? He is clearly swimming in antisemitic soup.

⁹⁴ Note the #BDS hashtag on a Holocaust denial post. It is difficult to believe the motivation here is humanitarian concern. The hoax claim is an old one that misrepresents Red Cross statistics. ICRC Bulletin No. 25, Feb. 1, 1978 entitled "False Propaganda", denounced Holocaust denial and confirmed that the agency never published—or even compiled—statistics of this kind – see Wiki https://en.wikipedia.org/wiki/Criticism_of_Holocaust_denial#International_Committee_of_the_Red_Cross for article above see <http://truedemocracyparty.net/2012/06/red-cross-expose-judaic-holocaust-hoax/>

More⁹⁶:

There is little need to spend pages reproducing posts from Paul Eisen. In 2008 Eisen published an article titled *'My Life as a Holocaust Denier'*. The article tries to 'set the record straight', following the social rejection he experienced after Gilad Atzmon circulated his essay *'The Holocaust Wars'* in 2004. He speaks of his attempts to re-humanise Hitler, and support the revisionists (Deniers), because he finds their case 'compelling'.

Eisen suggests there are three main areas of contention:

- That there ever was an official plan on the part of Hitler or the National Socialist regime to systematically and physically exterminate every Jew in Europe.
- That there existed homicidal gas-chambers.
- That the number of Jewish victims was around six million

Eisen goes on to say

'Having examined all these contentions and found them questionable to say the least, it seems to me that a Holocaust revisionist (denier, if you like) is an entirely honourable thing to be. So why should I rush to deny that I am one?'⁹⁷.

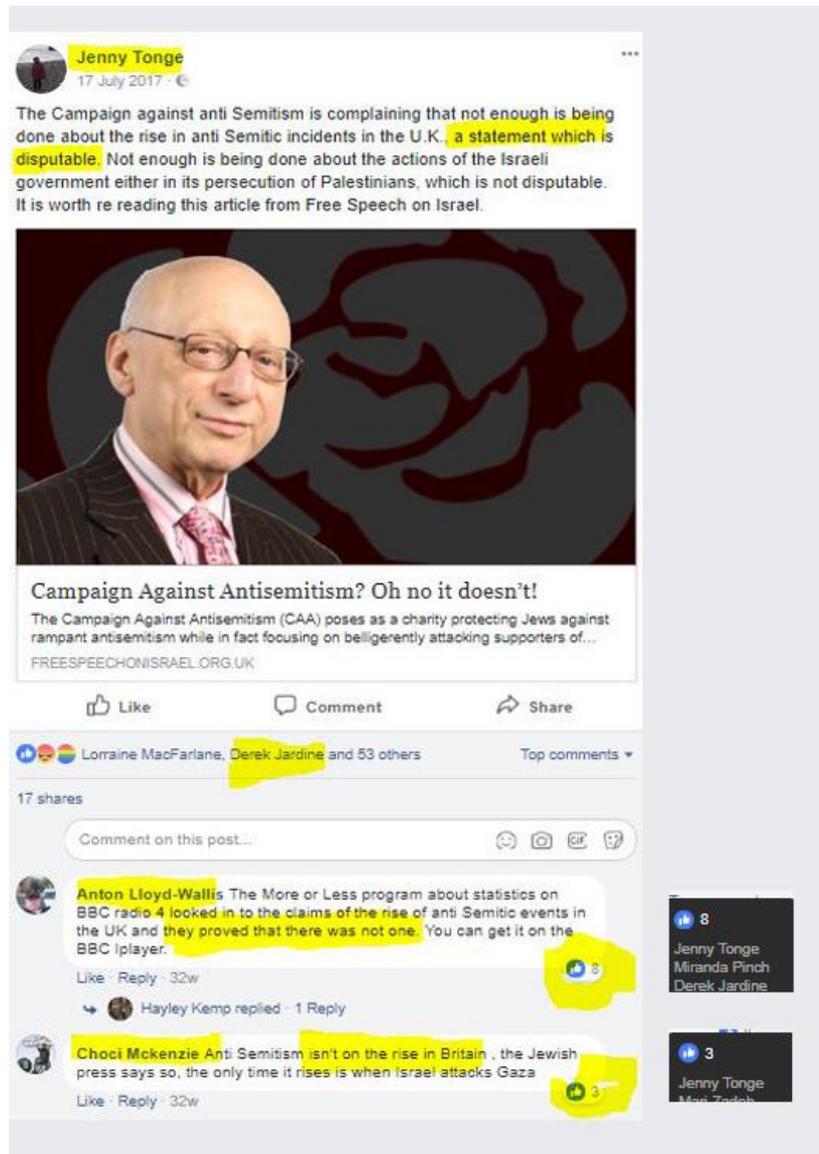

Paul Eisen is not the only member of Palestine Live who denies the Holocaust – far from it, but he is one of the more recognisable names.

Given the concentration levels of active members of the group who do share antisemitic material, it would have been possible to place dozens more pages onto this section of the report. There is just one area related to Tonge that needs to be covered.

Jenny Tonge is very outspoken on the issue of antisemitism. It is - 'exaggerated', 'anti-Zionism, not antisemitism' or it is mainly 'legitimate criticism of Israel'. There are several possibilities. The most benign is that she simply does not see or understand antisemitism at all. Can Jenny Tonge not see the antisemitism that surrounds her? This from Jenny's Facebook timeline⁹⁸:

⁹⁸ The article is by a group called 'Free Speech on Israel'. The group is firmly situated within Jeremy Corbyn's political camp, is represented within the Labour Party by the newly founded 'Jewish Voice for Labour', and is dealt with later in this report, **as most of the central actors are active members of Palestine Live**. This article was an attack on the group Campaign Against Antisemitism and calls them 'Zionist shock troops'. For the article see <http://freespeechonisrael.org.uk/caa-poses-as-charity/#sthash.oj20dAjW.dpbs> for more on Campaign Against Antisemitism see <https://antisemitism.uk/>

Jenny Tonge aside, the image on the previous page has four visible names. Three of them are members of Palestine Live, Derek Jardine, Anton Lloyd-Wallis and Choci Mackenzie. Tonge saw and 'liked' the comments of Lloyd Wallis and Mackenzie.

Derek Jardine is one of the activists who attends most InMinds demonstrations. I met and spoke to him at an InMinds demonstration outside of Jason Atherton's 'Little Social restaurant'⁹⁹.

Some posts:

It is a recurring theme of this research, that those who self-identify as 'far-left' are found consistently pushing Nazi ideology. This can occur in many ways. A denial of the Holocaust or blaming the Jews for their own persecution are just two examples. This is more direct and explicit. A share from 'whiteresister.com. A Nazi, white supremacist website¹⁰⁰. An image of the 'whiteresister.com' home page is produced on the next page.

¹⁰⁰ Adverts and news streams run on the site. Articles fill the columns on both sides. The subject matter is 'off-the-scale-racist' and it is difficult to mistake this for anything else. On 29 March 2016 Jardine shared a post by 'Charles Edward Frith', another 'blogging' antisemite, whose work is littered with Holocaust Denial¹⁰³. Jardine is a conspiracy theorist who ties Israel into many of the terror attacks on European and American soil¹⁰⁴. Here is one more of his posts from five months ago:

¹⁰² Comment made on one of Derek Jardine's shares. 'Natalie Portman tells Jewish people to stop talking about the Holocaust so much' Shared 11 May 2016. Original article <http://www.independent.co.uk/news/people/natalie-portman-says-jewish-community-should-focus-less-on-the-holocaust-10465577.html> and comment on post about BBC announcement of a special Holocaust TV schedule for the 70th anniversary of the liberation of Auschwitz. Note the 'surprise surprise', almost certainly refers to Danny Cohen's Jewish identity.

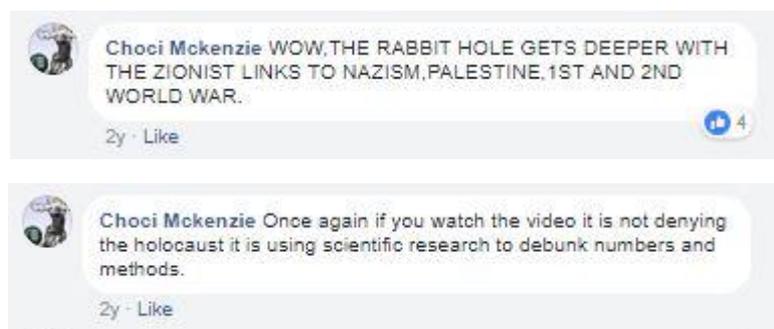

¹⁰³ The shared post was not one of Holocaust Denial, but images of dead children. It is not relevant to antisemitism and there is no need to link to it simply for the 'shock factor'. Frith is mentioned because any normal anti-racist would not go anywhere near him.

¹⁰⁴ Jardine posts on 9/11 Mossad, ISIS conspiracy and refers to the US as 'Washington ZOG' – Zionist Occupation Government see https://en.wikipedia.org/wiki/Zionist_Occupation_Government_conspiracy_theory.

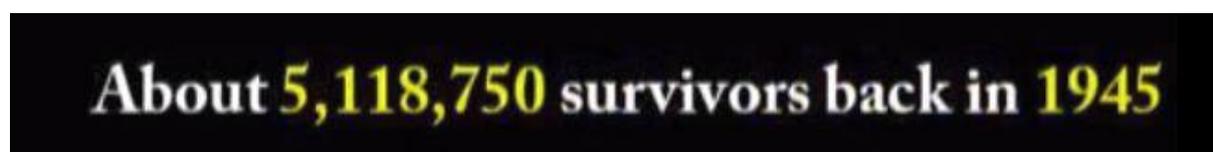

Choci Mckenzie:

Choci also shared this video in the public 'Norman Finkelstein' group, where it received instant derision. Some of his comments¹⁰⁵:

Mckenzie is wrong. It absolutely denies the Holocaust. It isn't a scholarly piece of Holocaust historical research, but a hate video, full of typical antisemitic conspiracy. It suggests the Jews may have been victims of war, but not of systematic slaughter. It presents all the usual hoax elements both in the build up to the war, and during the Holocaust. This an image from the video regarding the number of Jewish survivors:

¹⁰⁵ The video can be viewed here (it is not the original link, which now has regional limitations, but it is the same 'documentary'. <https://www.youtube.com/watch?v=ATI7CM1e14s>

¹¹⁰ Alison Chabloz is currently standing trial on charges related to publishing antisemitic 'songs about Jewish people persecuted by the Nazis, including the young diarist Anne Frank.'. Some are set to Jewish folk tunes. Most deal with Chabloz's self-confessed 'Holocaust revisionist' (read denial) position. See <http://www.bbc.co.uk/news/uk-england-derbyshire-42637888>

Tonge is perfectly entitled to her opinions whatever they may be, and free to join and participate in any Facebook Group of her choosing. **But surely as a member of the House of Lords, she has a greater responsibility to search for antisemitism before publicly belittling it or suggesting victims of racism are 'making it up'.**

There is also an issue of the legitimacy and support that she provides to groups of people who hold truly toxic views. As anti-Israel groups consider her extremely hostile towards Israel, Tonge receives requests to host their events inside the Parliamentary Estate. As we will see later with Jeremy Corbyn, Palestine Live members are major actors in this anti-Israel event industry.

MEETINGS ON THE PARLIAMENTARY ESTATE

On Wednesday December 14th, 2016, Jenny Tonge hosted an event that was advertised by the publishers as both a 'book launch' and a 'private event'¹¹¹.

I am the 'mad blogger', or at least one of them, that she references. What Jenny means by her comment is that the event was closed to all dissent, or negative reporting and the 'ranting rabbis' of the Neturei Karta were not invited¹¹².

Suarez wrote a book, that demonised early Zionists, and claimed to have been diligently researched. Jenny Tonge, wrote a blurb for the cover:

'I thought I knew a fair bit about the Middle East after all the years I've been involved in its politics, but this book came as an eye-opener. I realised how ignorant I was, not of the events leading up to the establishment of Israel but of the terror campaign that led up to it. Everyone who has ever accepted Israel's account of its own history should read this book and hear the truth. It should change them forever.'

In the real world the book was almost a complete work of fiction. Together with Jonathan Hoffman, I spent many weeks inside the National Archives at Kew, following the footsteps of Suarez through the documents. Our final report, academically destroyed the book¹¹³.

Tom Suarez is a member of Palestine Live

¹¹¹ See my report on Tom Suarez 'academic charlatan' <http://david-collier.com/thomas-suarez-academic-charlatan/>

¹¹² One of the Rabbis of the Neturei Karta had made a statement at a Jenny Tonge event, that implied the Zionists were responsible for the Holocaust.

The other blurb that Suarez received was from Ilan Pappé. Either Pappé didn't read the book or he did read it and didn't care that it was so littered with historical errors. Ilan Pappé is also a member of Palestine Live¹¹⁴.

Two months before this, Tonge had hosted another event 'the launch of the 'Balfour Apology Campaign'¹¹⁵. Several questions or statements were made that carried antisemitic overtones. This led to an outcry, and to Tonge's departure from the Liberal Democrats¹¹⁶.

As someone who goes to these events, I see the audience. The people who attend them. Like Elleanne Green and Tony Gratrex. It is no coincidence that at the Corbyn 'Blumenthal' event, James Thring, and audience member, was asked to give a speech when Blumenthal arrived late¹¹⁷. Elleanne was at the Tonge Balfour event.

These events are not large. It does not take many of these people to shape the character of the audience¹¹⁸.

¹¹⁴ Ilan Pappé is a professor at the University of Exeter. See Wiki https://en.wikipedia.org/wiki/Ilan_Papp%C3%A9 He wrote 'Ethnic Cleansing of Palestine', that left historian Benny Morris with little option but to suggest Pappé was either a 'liar' or 'sloppy' see <https://newrepublic.com/article/85344/ilan-pappe-sloppy-dishonest-historian> Pappé was caught on video suggesting the origins of the BDS movement are not as promoted, but it was 'important', not to tell the truth. See <https://www.youtube.com/watch?v=IjPJSvTezSo>

¹¹⁸ Evidence presented through the reports into the PSC and SPSC suggest as many as 40-50% of attendees at events such as this, meet the threshold of antisemitism contained within this report. See david-collier.com for the reports.

During an event at parliament in March 2015, with both David Ward and Jenny Tonge, UK blogger Richard Millett was told to stop filming, even though the event was being filmed by others. Given the context, his account of the event is harrowing¹¹⁹.

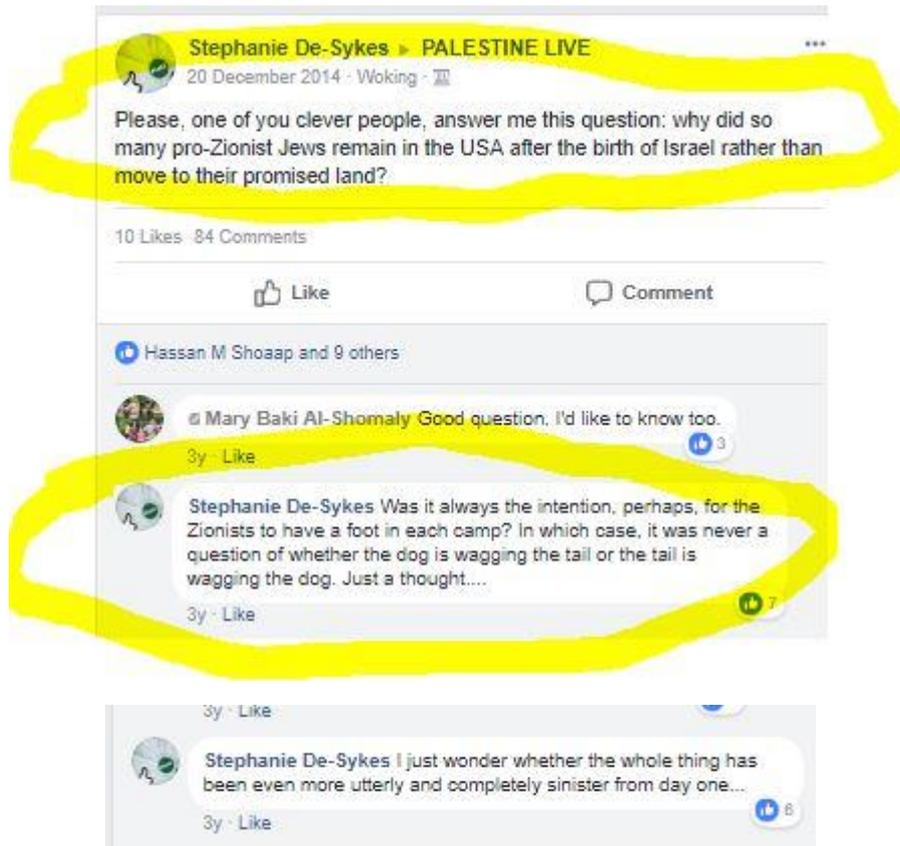

When 'the wrong type of Jew' does attend, to report on the antisemitism that is always present, they become targets¹²⁰.

¹¹⁹ See Richard Millett blog for account. In particular the video where he is asked to turn off the camera. <https://richardmillett.wordpress.com/2015/03/11/forced-to-turn-off-my-camera-at-jenny-tongedavid-ward-event-in-parliament-while-al-jazeera-films/>

¹²⁰ Elleanne green post about March 2015 event. She seemed to have no difficulty using her camera.

Stephanie De-Sykes 'liked' Elleanne's post (image on previous page). There will be more examples from Stephanie later, but these can be placed here:

The next images from Stephanie can be used as an example of a central pillar of the problem underlying social media bubbles. No mainstream media (MSM) sources are considered reliable, because 'Zionists' control them all. Only 'alternative sites' become reliable, and conspiracy sites that claim to tell the truth 'MSM' won't tell anyone, are treated with reverence. Therefore 'theuglytruth', 'veteranstoday' and 'globalresearch.ca' are widely shared within these groups. It acts like a cult that cuts off outside sources of information by discrediting them:

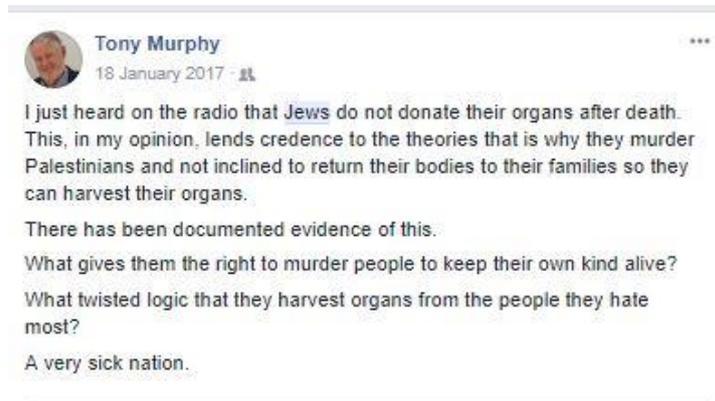

Two of the other visible names are Tony Murphy and Miranda Pinch.

Tony posted this vile comment in 2017:

Miranda Pinch¹²².

¹²² The irony of this post, is that Pinch is arguing that posting a 'wikispooks' website isn't antisemitic, at the same time as she links to a mycatbirdseat article. This article also goes into depth on the 'Israel did 9/11' conspiracy 'mycatbirdseat.com' was a hard-core antisemitic site, that when it did acknowledge a Holocaust existed, tended to blame the Jews for it.

A quote from the article, which makes interesting reading, with no extra comment from me.
"ICTS also somehow missed several of the alleged 9/11 hijackers who allegedly flew out of Boston's Logan airport on September 11th 2001. ICTS also handled security for London's bus network during the July 7, 2005, 'suicide' bomb attacks. In fact, two of its subsidiaries, ICTS UK and ICTS Europe Systems, are based at Tavistock House, Tavistock Square in London, scene of the London Stagecoach bus bombing that day.
That's quite a record, all in all. And we have to wonder how many terror attacks could have been prevented, how many innocent lives saved, how much further we might be today from a burgeoning police state, if outfits like ICTS and those that support them had not allowed so many unlikely and hapless 'Muslim terrorists' to "slip through".
Just one thought though - isn't Israeli security meant to be the best in the world?"

When Jewish people like Richard Millett go to these meetings, they are always treated differently, and with hostility. On occasion they are denied entry¹²⁴.

As many of these events are created, supported and attended by those in Palestine Live, it can be argued antisemitism is given unacceptable legitimacy when it gathers inside Westminster. For the Jewish attendee who recognises the numerous faces of those who share hard-core antisemitic and neo-Nazi ideology, it is little different than a black man walking into a KKK event in Westminster and being escorted out because he becomes agitated by the level of racism. That the antisemitism is protected by the law, rather than challenged by it, suggests the problem is institutionalised¹²⁵.

The 'unwanted alien' snapped by Carmen Lopez Martin. Another member of Palestine Live¹²⁶.

¹²⁴ See UK Media watch report on Millett's exclusion from an Amnesty International event on 13 June 2017 <https://ukmediawatch.org/2017/06/14/free-speech-advocates-at-amnesty-uk-ban-pro-israel-blogger-from-london-event/> I currently have two complaints being investigated. One into an event in Parliament, where the organisers sent out cancellation notices only to Zionist Jewish attendees see <http://david-collier.com/jewish-discrimination-heart-westminster/> and the other at the University of Warwick, where (along with two others), I arrived at a public event, only to be told they had suddenly decided to make it private <http://david-collier.com/eugenics-university-of-warwick/>

¹²⁵ This is not an attempt to whitewash any disruptive behaviour that can and does occur. The clear majority of events take place without incident. Hostile questions are viewed as disruptive and quickly shouted down, or known Zionists are simply not called upon. This add to an atmosphere of frustration. Unacceptable disruptions have also occurred, but almost exclusively after the talk and in the Q&A. The question that needs to be asked is how should a victim of racism respond to racism? This was most clearly demonstrated at the Wes Streeting event, where both Elleanne Green and Tony Gratrex were present. Wes evicted two Jewish activists and then attacked them on Twitter. In effect he strengthened the hand of the racists. See Jonathan Hoffman report <http://blogs.timesofisrael.com/running-with-the-fox-and-hunting-with-the-hounds/>

¹²⁶ Carmen Lopez-Martin was included in the report into antisemitism within the Palestine Solidarity Campaign (p38) see http://david-collier.com/wp-content/uploads/2017/02/170222_palestine_solidarity_campaign_report.pdf

More Palestine Live members we have been introduced to joining Jenny Tonge at Westminster:

The clearest example of legitimising antisemitism took place on 5th December 2015, at an event hosted by Tommy Sheppard MP.¹²⁷ The group holding the event was 'Free Speech on Israel' (FSOI), a group of Jewish Palestine Live members, who created FSOI to deflect accusations of antisemitism¹²⁸.

Of members already mentioned, Sandra Watfa and Tom Suarez were there. Tony Greenstein was also present. The person on the door collecting the names was Timothy Horgan. Timothy always follows and then photographs Jewish activists, and either 'comically' defaces the photos, or uses them to smear people. He has, as far as I am aware, been cautioned by the police¹²⁹.

¹²⁷ See https://en.wikipedia.org/wiki/Tommy_Sheppard

¹²⁸ There is a section on these groups in Part Two of this report on page 87.

¹²⁹ Horgan's Twitter account is @timothyhorgan1, the first image is comparing me to English serial killer John Christie. The second is an attempt to smear Jonathan Hoffman as an extremist. The third image is a request by Waltham Forest Met Police, asking Horgan to contact them, apparently after complaints over his activity.

¹³⁰ Horgan attends pro-Israeli demonstrations with a camera. He looks for opportunities to catch leaders of the community in the frame with people he can claim are extremists, and then smears them. Those images are used to 'prove' Zionists are connected to extremist groups. They are widely shared.

That is the person the 'Free Speech on Israel' crowd chose to place on the door collecting names at the event in Westminster.

Four days after the event, Tony Greenstein ran a vicious attack piece, naming Jewish activists who attend demonstrations¹³¹.

Saturday, 9 December 2017

EXCLUSIVE – We Name the Gang of Zionists Whose Purpose is to Disrupt Palestinian Events in London

The Thugs and Misfits of the neo-Nazi Jewish Defence League & Assorted Fascists Intent on Destroying Free Speech on Israel and Palestine

Below we name and shame the 31 fascists and Zionists who have been attempting to disrupt and prevent solidarity events on Palestine. Led by Jonathan Hoffman they contain people who are members of other fascist groups like Britain First and the new Pegida. We see their connection with the far-Right. Jewish bourgeois groups like the Board of Deputies deliberately turn a blind eye to these people and no questions have been asked about Hoffman's open links with neo-Nazis, holocaust deniers and fascists.

The piece was full of false information, defamatory claims and false accusations. It gave names and addresses of some activist's places of work. The piece was shared widely amongst anti-Israel activists. Complaints were lodged by unknown individuals to activists' professional associations where applicable. Some people received threats. Several of those named filed police reports. One of those named activists, committed suicide within weeks of the attack post, and while he was under investigation from his professional body¹³².

This is all almost certainly a result of allowing the antisemitism inside Palestine Live, the key to the doors of Westminster. Perhaps thanks are due to Tommy Sheppard MP for hosting the event? Sheppard himself is under investigation over another event that had taken place the week before, that saw Jewish Zionists 'deregistered' from the event attendee list (denied permission to go).¹³³

¹³¹ There is no way to prove categorically a link between the event and the attack post. The timing is extremely coincidental. Some of the people named are not regulars at demonstrations at all but did attend the event.

¹³² Out of consideration for the family, the name of the activist will not be divulged in this report. Additionally, there is no way of knowing, how much of a contributing factor the article was.

¹³³ I was one of the people who received a cancellation notice because the event was 'overbooked'. I then ask for a ticket in an email using a 'non-Jewish' name and received confirmation. My report is here <http://david-collier.com/jewish-discrimination-heart-westminster/> After lodging a complaint I received notification an investigation had been opened.

DAVID WARD

David Ward was one of the first members of the group. His comments relating to Israel, Jews and the Holocaust, have often landed him in trouble with his party, the Lib Dems¹³⁴.

When he appealed against his suspension in 2017, Ward was supported by his 'friend' Jenny Tonge (given what has been presented in this report, there is little surprise)¹³⁵.

Ward's mistake was not turning around and running as soon as he saw what was inside the group. Ward has been a member of Palestine Live for over four years and nothing David Ward has posted comes near the threshold for inclusion in this report.

On the claims of antisemitism, he said 'supporters of Israel are using this as a tactic'.¹³⁶ It does appear, that like Tonge, David Ward simply does not 'get' antisemitism, nor see it. Ward did not post often, and only ten comments were found. Here are three examples:

He posted on a Green shared article from May 2017¹³⁷:

He posted on a Gratrex shared article from January 2018¹³⁸:

And he posted on an Aleksandra Davies shared article from November 2017¹³⁹:

A reminder of the type of posts Elleanne Green 'likes':

'all human behavior has in fact a biological origin. All of us—of whatever ethnic origin—are merely products of our ancestors. Our abilities, our limitations, and our innate characters—are all inherited from those who have come before.

It might then be too much to expect him to admit that there is an inherited aspect to Jewish behavior which perpetuates this open racism towards, and hatred of, Gentiles from generation to generation.

Of course, neither Sand nor Haber will dare tackle the real reason for this obvious hypocrisy—which is that Jewish racial tribalism engages in a divide-and-conquer strategy to ensure that non-Jews remain divided and deflected away from the real source of power in the US and elsewhere: the Jewish Lobby¹⁴⁰.

A recent share from Tony Gratrex¹⁴¹:

Aleksandra Davies¹⁴²:

'There are also Jews who're descendants of the ancient Edomitish Amalekites. These Amalekitish Jews are particularly callous and cruel, and will use their money and influence even to destroy their "lesser brethren" in Jewry; and they're prominent in the synagogue of Satan, which is a loosely affiliated, secretive assembly that rules the international Jewry; and notable among them have been the Rothschild banking family, and in particular Lionel Rothschild who authored the transcribed speeches in the Protocols of Zion.'

¹⁴¹ This is the blog of Lutheran pastor Mark Dankof. ¹⁴² Had not come across this site before. Wordpress blog. Viciously antisemitic. No longer accessible. This is the archive of the brutally antisemitic diatribe <https://firstlightforum.wordpress.com/2015/05/08/why-the-jews-are-the-unrepentant-destroyers-of-all-thats-decent-on-the-planet/>

This is not guilt by association. **There is no attempt to suggest Ward liked or shared these antisemitic posts.** David Ward is not guilty because he associates with people like Gratrex, Green or Davies. Ward is also free to hold any opinion he chooses and be a member of any Facebook group that he wishes to join. It does however raise issues of responsibility. If David Ward is not aware this group is a hostile anti-Jewish environment, how can he justify talking about antisemitism at all?

There are few better examples of the dark forces at work in this group than this next one. A post from 'freespeechonisrael', the hard-left group whose sole purpose is to deflect accusations of antisemitism. There is a section on them in the second part of this report. This was Posted 3rd November 2016:¹⁴³

This is a group who deflect accusations of antisemitism, sharing material within a sewer filled with many people who hate Jews. The aim of the post is to hand defensive weapons to these people who consistently share hard-core antisemitic material. One of those people, Elleanne Green thanks the contributor, and notes that the information 'is good ammo'. There is then an exchange, when Elleanne tags a politician who has recently been suspended because of problematic remarks about Israel, who in turn tells Elleanne to 'keep up the good work'.

The enabler, the sharer of antisemitism, and the political power. Truly sickening.
